

The Endura Collection

 CORINTHIAN
DOORS

Purpose-designed to endure the great outdoors

Modern Australian design is all about restrained style, long-term sustainability, and a strong sense of connection with the outdoors. The Endura Collection encapsulates all these qualities—specially crafted to withstand lasting exposure to harsh Australian weather conditions.

Perfectly suited to areas with limited overhead protection (like back or garage doors, or as front doors with limited coverage), the Endura Collection is designed for durability, with a minimalist aesthetic to complement the Modern Australian architectural style.

Strong, secure, and stylish, these doors can be trimmed or drilled just like timber and painted in any colour in a standard paint finish.

The Endura Collection features:

- Robust design to withstand extreme Australian weather, with high impact-resistant skins and a composite structure for superior stability – Endura doors won't rust, rot, warp or dent.
- Solid PVC edges which can be trimmed or rebated for a clean and tidy look
- Higher insulation performance for improved comfort and noise reduction
- A comprehensive 10-year warranty in any weather, including direct exposure to sun or rain when finished in any paint colour

Built with the weather in mind

The Endura Collection
