The Endura Collection

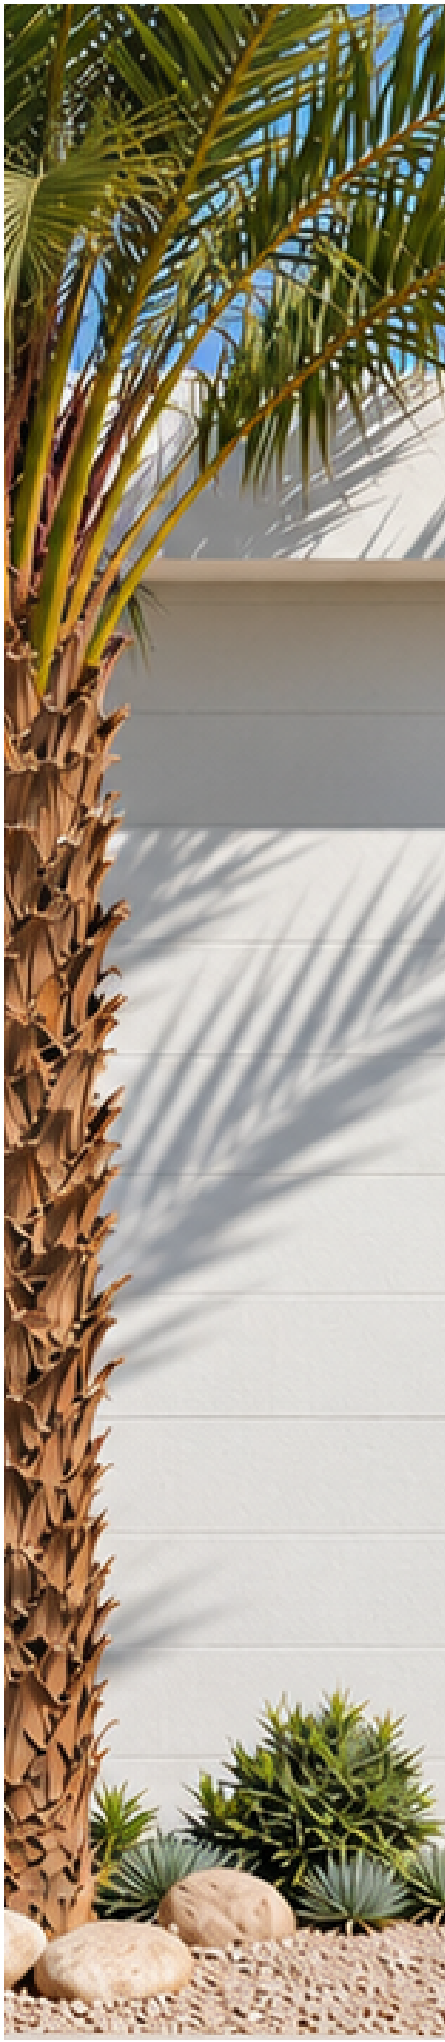

CORINTHIAN DOORS

Purpose-designed to endure the great outdoors

Modern Australian design is all about restrained style, long-term sustainability, and a strong sense of connection with the outdoors. The Endura Collection encapsulates all these qualities—specially crafted to withstand lasting exposure to harsh Australian weather conditions.

Perfectly suited to areas with limited overhead protection (like back or garage doors, or as front doors with limited coverage), the Endura Collection is designed for durability, with a minimalist aesthetic to complement the Modern Australian architectural style.

Double Glazed Translucent

Available in

2040 x 820 x 40

Weatherproof from the inside out

WARRANTY
10 Year
FOR ALL WEATHER

Strong, secure, and stylish, these doors can be trimmed or drilled just like timber and painted in any colour in a satin paint finish.

The Endura Collection features:

- Robust design to withstand extreme Australian weather, with high impact-resistant skins and a composite structure for superior stability.
- Solid PVC edges which can be trimmed or rebated for a clean and tidy look.
- High insulation performance with double glazing for improved comfort and noise reduction.
- A 10-year warranty for peace of mind.

Restraint is harder than it looks. The Endura Collection keeps things deliberately simple, so the door can sit softly yet confidently within the architecture, while being just as considered from inside.

For a softer transition and more natural light, four of the five designs feature high-performance double-glazed panels. That means less work for your heating and cooling and a quieter home all at once.

Paint it to match the render, contrast it with warm brick, or go dark against softer stones and organic materials. A satin finish gives it a low sheen that won’t glare in the afternoon sun.

The Endura Collection proves a door can be tough, restrained and striking all at once.
